I. Opened with Prayer

II. The minutes of the February 20th meeting were approved.

III. Update on the Westmont Outcomes Redesign
Senate reacted favorably to our proposed redesign of the Westmont Outcomes and Assessment document. They asked the committee to see if there were additional ways to streamline the document even more.

John and Tatiana met to consider additional revisions and brought the revised document to the GE Committee for consideration. The committee discussed some of the differences between the initial document and the revised document. A number of the changes proposed modifications to the General Education program, graduation requirements and to major requirements. Committee members raised concerns over some of the changes. A proposal was made to include the Task and Rationale sections from the revised proposal, the Intensive and Modest categories lists from the original proposal, and the Assessment Categories of the revised proposal. The proposal to Senate might also include that any further streamlining may require changes to the General Education program, major requirements or graduation requirements.

IV. Audit the GE Combined Document
Committee members made additional notations for areas within the GE Combined document that may need some changes or conversations.
Respectfully submitted,

Michelle Hardley
Registrar
