

WESTMONT COLLEGE DOG POLICY

No dogs (except those that are service animals*) are allowed in food service areas, classrooms and other indoor public areas, or on Westmont athletic fields. All dogs must be leashed when outdoors on other parts of the campus. Dog owners are asked to consider the well-being of others and are required to clean up after their dogs. The college reserves the right to ban a dog from campus and to hold the owner financially liable for any damage. Complaints and concerns about a dog brought to campus may be communicated to Public Safety, Human Resources, the Provost, or the Vice President for Student Life.

* Westmont's service and support animal policies and procedures are accessible online for [students](#) (page 86 of the Student Handbook), and for [faculty and staff](#) (Faculty & Staff/Policies/Service and Support Animals).
