Ray,

I am attaching to this note two syllabi from a study abroad program that the music department is proposing that Westmont adopt on a consortium basis with Azusa Pacific University. It is our hope that these two courses will allow students participating in this program to earn GE credit in the context of this program. The courses and our suggested GE authorizations are:

German 101 4 units
Common Skills: Modern/Foreign Language

History 121 (World Civilizations Since 1648)
Common Contexts: World History in Christian Perspective
&/Or
Common Inquiries: Thinking Historically

We are submitting this program to the off Campus Programs Committee and hope to have it in place for the fall of 2009.
I look forward to the review of these suggestions and any other GE implications that the GE Committee would like to recommend. Please let me know if you need further materials in conducting your review.

Thanks,

Michael
