Hi Ray:
Yes, the new RS 107 will vary in content from time to time, such that GE elements should probably not be tied to the generic course number. The same would be true of the new RS 104 (Topics in OT Studies).

The new RS 107 is a topics in NT course, and it shouldn't automatically be writing intensive or integrating the major, I guess - I had forgotten that it was one of the changes!
