Dear Barbara (et al),

John Skillen here, attaching the syllabi for the three most recent versions of the Ekphrasis courses: Mark Stevick (the godfather of the idea); Christine Perrin’s from last spring; and Julia Kasdorf from now. As for how much writing: well, constantly; every day!

Fall 2010 courses: this is the month for getting next academic year’s line-up resolved. It’s mainly in place, but give me two weeks.

I hope we see some Westmont applicants for the spring 2010 semester.

John
