¹ Satisfies a GE writing- and speech-intensive requirement (one of three)
² Note that ART 21 and ART 22 do not necessarily have to be taken in order.
³ ART 23 is normally offered only once every four years. If available, it’s highly recommended, as it allows students to fulfill a major requirement and a GE requirement at the same time. If not available, students need some other art course AND a course which fulfills the GE: Thinking Globally requirement.
⁴ In most cases, GE physical science course will fulfill GE Quantitative and Analytical Reasoning requirement at same time.
⁵ Takes place of ART 141.
