Guide to Online Registration

1. Test your WebAdvisor login

2. Check Holds

3. Check Registration Time

4. Pre-Select Courses Before Your Registration Time

5. Register At Your Registration Time

6. View Class Schedule

7. Faculty overrides

8. Purchase Textbooks Online
1. Test your WebAdvisor login

Your User ID and password are the same as your email User ID and password

If you are unable to log in see https://eureka.westmont.edu/mod/wiki/view.php?id=2848&page=WebAdvisor for most common problems and then contact Lara at 565-6060 if you are still unable to log in.

2. Check Holds

Any hold listed will block you from registration. 
You must clear your hold before you will be allowed to register.

July 2009
3. Check Registration Time

Select Fall Semester 2009 to view your assigned day and time.
4. Pre-Select Courses Before Your Registration Time

Go to “Register for Sections”
Register for Sections

Please choose which type of registration you would like to use:

Search and register for sections

Use this option if you would like to look for sections, add them to your preferred list of sections and then register for them.

Express registration

Use this option if you know the exact subject, course number, and section (or synonym) of the sections for which you wish to add to your preferred list and then register. (Example: MATH*100*01 or Synonym 42765).

Register for previously selected sections

Use this option if you have already placed sections on your preferred list and would like to now register.

Drop sections

Use this option if you would like to drop a section. (Other choices also allow you to drop a section while you register for another.)

Manage my waitlist

Use this option if you would like to register or remove sections that you are currently waitlisted in.

At this point you have several options. If you do not know the exact courses that you want you will need to use “Search and register for sections.” If you know the exact courses and sections numbers then “Express registration” is the quickest method. “Register for previously selected sections” can be used when you’ve already added courses to your preferred sections list and you are ready to register.

(Continue to pages 6, 7 and 8 for more detailed instructions on each of these options.)
Search and register for sections

You must select the **Term** and at least one other search criteria.

In addition to selecting Fall Semester 2009 and **Subjects**, first-year students should also select **Course Level** Lower Division and **Location** Main Campus.

Click SUBMIT at the bottom of the page when you have entered your search criteria.
From the list of course sections that appear on the Section Selection Results screen, you may check the boxes next to all of the courses that interest you.

After you have finished with your selection, click on the SUBMIT button at the bottom of the page. This will not register you but takes you to the next screen: Register and Drop Sections.
Express Registration

You must enter the Subject, Course Number, Section Number and Term. You do not need to enter the Synonym. After you have entered all desired courses, click on the SUBMIT button. This will not register you but takes you to the next screen: Register and Drop Sections.
The “Preferred Sections” are the courses that you are planning to take. We recommend that you add all desired courses to your “Preferred Sections” before your registration time.

Once you have added courses to your “Preferred Sections” list they will be saved until you either Register in the courses or Remove them from your list. You may log out and return later and the courses will be saved.

The drop-down menu on the left of each course will allow you to select your desired action. Prior to registration you may only remove courses from your list.

5. **Register At Your Registration Time**

Beginning with your assigned registration time, you may register any time until August 30.

If you have already pre-selected courses (and we recommend that you do) you can go to “Register for Sections” and then “Register for previously selected sections”.

From the **Register and Drop Sections** screen, use the pull-down menus in the Action column to select Register for each class; you can also select Remove from List for courses that you are no longer interested in; then click SUBMIT button at bottom of page. If a class is closed, you may select Waitlist from the Action pull-down menu. You may not select Audit or Register Pass/Fail. These options require instructor’s consent.

Note: Select either “Action for ALL Pref Sections” or an individual action course section by course section. If you receive an error message stating “Please choose an action for ALL or an individual action; not both,” you must clear one of the action boxes by selecting the top blank line from the pull-down menu.

If you try to register for a course section for which you are not eligible, you will receive a message letting you know the source of the problem. For example, this could happen if the section is full, if there is a time conflict with another registered section, or if you have not met the prerequisite for the course.

If your registration is successful you will be taken to the **Registration Results** screen. That screen displays all course sections in which you are registered.
After submitting your requests review the status of each course. “Registered for this section” means you have successfully registered. “UNSUCCESSFUL registration” means that you are not registered in the course. The reason is given above. In this example “Course EB-132 prerequisites are not fully met.”
6. View Class Schedule

If your classes are here then you are registered. If your classes do not appear then you are not registered.

7. Faculty overrides

If the class is closed, a course requires instructor’s consent or you haven’t met the pre-requisite but would like to add the class, you must go to the instructor to be added to the class.
8. Purchase Textbooks Online

http://www.westmontbookstore.com under TEXTBOOKS click “Buy Books”
