To All Entering Students,

Allow me, Dr. David Hernandez, to welcome you to the Westmont College Student Health Center. During your time at Westmont you will have access to an on-campus health clinic at which a team consisting of a physician assistant, registered nurse, medical office coordinator and physician will be available to take care of your health care needs. Please visit our web page at www.westmont.edu/ offices/health_center to learn more about the health center staff and the services available.

In an effort to better serve you, it is important that you complete the forms listed below. You will need to print and fill out each form attached and mail them to "Westmont College Health Center". The address is listed below.

~An immunization record- this is a list of all immunizations (shots) you have received. You, your doctor or your parents will have this record. Please mail the completed immunization form back to the Westmont College Health Center. It would be a good idea to make a copy of this form for your own records.

~The physical exam form must be completed before starting school. Have your doctor fill out the physical exam form provided and mail it back to the Westmont Health Center. It may take weeks to get an appointment with your doctor so the sooner you call the better.

~If you are under 18 years of age, please make sure to have your parent/guardian sign the Authorization to Treat form, also provided here, and again, mail it to the Health Center. This allows you to receive care without your parents being present.

~A copy of your insurance card. Please provide copy of the front and back of your insurance card in the event you need to be treated off campus. You do not need insurance to use the Health Center on campus. Insurance is only needed if being referred off campus. If you have an HMO, please consider having a Santa Barbara Primary Care physician assigned to you in the event you do need a referral off campus.

Finally, they Health History Form. Please complete this form and submit it to the Health Center. Again, the address is listed below.

Thank you and have a healthy and safe summer.

If you have questions please call us at 805-565-6164 or email ccetti@westmont.edu.
