## STUDENT ASSOCIATION

### IN THE WESTMONT COLLEGE STUDENT ASSOCIATION EXECUTIVE COUNCIL

October 25, 2016

Sponsor: Bethany Ishii

#### **Section 1. Title**

*General Education Committee “Thinking Globally” Survey Incentives*

#### **Sections 2. Statement of Purpose**

A “thinking globally” survey will be distributed to ensure that graduating students are aware of the significance of this general education requirement. The study’s reliability requires responses from a minimum of 10% of the student body, which is 120 participants. Based on the feedback, “thinking globally” courses may modify their requirements. Because the survey will primarily reach out to students with junior and senior standing (who are infamous for their lack of voluntary involvement), advertised incentives are necessary to encourage people to participate.

#### **Section 3. Statement of Policy**

An allocation of \$75 of student fee dollars to be spent on three \$25 Amazon gift cards.

#### **Section 4. Enactment**

If passed, Bethany Ishii will purchase the three gift cards, assist with the survey administration, and deliver the gift cards through the post office following a random drawing of participants.

#### **Section 5. Appropriation**

\$75 of student fee dollars to purchase incentives.
