7:50pm - Layman's Terms! WCSA = STUDENT GOVERNMENT. better term, more accessible as a term.

7:51pm - Bill #1: A. Lillenberg - Global Leadership Summit Bill

- Discussion
- Vote: 5 for, 2 absent

7:56pm - Bill #2: ICP Lunar New Year Bill

- WAC is separate from ICP - but should we maintain consistency with how to support these organizations? Are we holding the fundings for ICP? So we are planning on setting up a meeting with ICP.
- Nothing is pressing to deny this, as there is no "second round funding", but how should we maneuver through this?
- Cannot go through WAC - what is their budget?
- Anyway - Questions to Consider.

Clean Up - Two Bills Killed that are no longer Applicable (see Gardner and Casey)

8:09pm - Noah's Bill

- Water Bottle Filling Station
- Will the filters be a recurring cost?
- Executive Committee did not vote as the Filter Costs is left ambiguous, but wording is good.
- Vote on it next week.

Yoga/Zumba - logistics yet again.

Updates on Debates: Nice Theme, Formal, etc. Straw pole, advertising, Focus Week, etc.

Anything Else? Networking, types of Companies will be there, local, etc, Apolis Event is getting together, logistical issues like above.

8:20pm - Any further Business? Yes. Apolis? Extend Invite to SBCC/UCSB? What do we think? Time and Venue still up for debate, logistical problems... Pepperdine option? What do we think? Goal to create opportunities for Westmont Students.
