Road conditions, traffic management, and landmarks are constantly changing. You may encounter new stopsigns, stoplights, roads, buildings, construction detours, recently paved streets, and other variations from what you see here. **Please** help us make things better next year by returning this page to Troy with changes, errors or hazards noted.

To get oriented, **read/listen/watch the entire sequence (plus the shaded boxes above/below) before you depart. It helps a lot!**

| A   | Uphill & left turn towards town | 9    | at entrance to RAV | 9.4 mi | 0    | Push play when you reach the outskirts of town | - From wherever you parked on the Agua Viva campus, head back up the hill and out thru the main gate.  
- On your way out the gate, just before you get onto the highway, set your trip odometer to zero. Enjoy the ten-mile journey down the mountain.  
- Remember that the o'clock directions you may get later assume that noon is straight ahead of you, 9 o'clock is a right-angle left and 3 o'clock is a right-angle right turn. Thus a 2 o'clock turn is in between, more toward 3 than noon, and so on.  
- As you find yourself approaching the outskirts of town, push play again for your next direction. In the meantime, push pause. |
| B   | Straight | 12   | Carretera Federal 3 | 1 mi | 10.4 | Push play when you reach the second stoplight since leaving RAV | - At the second stoplight after leaving Agua Viva, you'll be proceeding straight thru the light.  
- As you find yourself approaching the second stoplight, push play again for your next direction. In the meantime, push pause. |
| C   | Straight | 12   | Carretera Federal 3 | 1.1 mi | 11.5 | Push play when you reach Pemex on your right | -As you proceed straight through the second stoplight since leaving RAV, travel 1 mile to the Pemex on your right. At that stop sign, you will be making a 3:00 right turn.  
- As you find yourself approaching the Pemex on your right, push play again for your next direction. In the meantime, push pause. |
| D   | Right    | 3    | Av. Cortez | 1.4 mi | 12.9 | Push play when you reach Reforma | - Turn a 3:00 right onto Avenida Cortez. Continue down this road until you reach a major intersection with the statue in front of you. This is Reforma.  
- As you find yourself approaching Reforma, push play again for your next direction. In the meantime, push pause. |
| E   | Right    | 1    | Benito Juarez | 0.6 mi | 13.5 | Push play when you reach Miramar | - Take a 1:00 right hand turn, so that the large KFC building is on your right hand side. Do not turn a 3:00 right onto Reforma. Your 1:00 right hand turn will take on onto Av. Juarez, another main street. Continue down Juarez to the fifth stoplight at Espinoza.  
- As you find yourself approaching Espinoza, push play again for your next direction. In the meantime, push pause. |
| F   | Left     | 9    | Espinoza | 0.2 mi | 13.7 | - Turn left and continue straight for 0.2 miles through 2 stop signs. Just before the third stop sign, you will see the church on your left.  
- Congratulations! You've arrived at your destination. |

**Google time estimate: 25 minutes**

---

**Dial** = The clock-dial directions assume noon is straight ahead of you, 3 o'clock is a normal right turn, and 9 o'clock is a normal left. Thus a 2 o'clock turn (aka 2:00 in text) is between noon and 3, closer to 3—and so on.

**Distance** = mi-le; b-lock; y-ard

**Odom** = If you a) zero your tripmeter; b) proceed without detour; and c) have an accurate odometer, you can gauge progress in the Odom column. *(Due to rounding error, cumulative total Distance may not match Odom.)*
Dial = The clock-dial directions assume noon is straight ahead of you, 3 o’clock is a normal right turn, and 9 o’clock is a normal left. Thus a 2 o’clock turn (aka 2:00 in text) is between noon and 3, closer to 3—and so on.

Distance = mi-le; b-lock; y-ard

Odom = If you a) zero your tripmeter; b) proceed without detour; and c) have an accurate odometer, you can gauge progress in the Odom column. (Due to rounding error, cumulative total Distance may not match Odom.)
