Road conditions, traffic management, and landmarks are constantly changing. You may encounter new stopsigns, stoplights, roads, buildings, construction detours, recently paved streets, and other variations from what you see here. Please help us make things better next year by returning this page to Troy with changes, errors or hazards noted.

To get oriented, read/listen/watch the entire sequence (plus the shaded boxes above/below) before you depart. It helps a lot!

| A   | Uphill & left   | 9    | at entrance to RAV               | 9.4 mi   | 0    | VBS        | Push play when you reach the outskirts of town  
- From wherever you parked on the Agua Viva campus, head back up the hill and out thru the main gate.  
- On your way out the gate, just before you get onto the highway, set your trip odometer to zero. Enjoy the ten-mile journey down the mountain.  
- Remember that the o’clock directions you may get later assume that noon is straight ahead of you, 9 o’clock is a right-angle left and 3 o’clock is a right-angle right turn. Thus a 2 o’clock turn is in between, more toward 3 than noon, and so on.  
- As you find yourself approaching the outskirts of town, push play again for your next direction. In the meantime, push pause. ◆                                                                                       |
| B   | Straight        | 12   | Carretera Federal 3              | 1 mi     | 10.4 | Push play when you reach the second stoplight  
- About a mile before the second stoplight you’ll start seeing the outskirts of the city. At the second stoplight after leaving Agua Viva, you’ll be turning right.  
- As you find yourself approaching the second stoplight, push play again for your next direction. In the meantime, push pause. ◆                                                                                       |
| C   | Right           | 3    | Teran Teran (road name changes along the way, but is Teran Teran at the Carretera Federal intersection) | 1.3 mi   | 11.7 | Push play when you reach the third stop sign  
- Turn right onto the four-lane divided boulevard. You’ll stay on that road for 1.3 miles. You’ll go thru one stoplight and two stop signs. Continue until you reach the third stop sign.  
- As you find yourself approaching the third stop sign, push play again for your next direction. In the meantime, push pause. ◆                                                                                       |
| D   | Right           | 3    | Calafia                          | 1.1 mi   | 12.8 | Push play when you reach the two story white building  
- Turn right onto Calafia and travel 1.1 miles. At that point you’ll see a large two story white building with a stop sign shortly after.  
- Turn down the dirt road on your right at the stop sign.  
- As you find yourself approaching the two story building, push play again for your next direction. In the meantime, push pause. ◆                                                                                                |
| E   | Right           | 3    | Cabo Falso                       | 0.1 mi   | 12.9 | - Turn 3:00 right and travel down this road for about 0.1 miles. You will see your church on the left.  
- Congratulations! You’ve arrived at your destination.                                                                                                                                                    |

Google time estimate: 25 minutes
