

### Projected Student Loans by Year and Loan Program

The loan amounts indicated below are the maximums allowable for students in each academic year and loan program. Students eligible in a particular loan program will have that loan included in their financial aid package, made available at the time of admission and upon completion of the financial aid application process for each academic year. Students may choose to decline or reduce the amount of any particular student loan. Students are encouraged to seek counsel from the Financial Aid Office as they consider student loans. The Financial Aid Office can be reached by email at [financialaid@westmont.edu](mailto:financialaid@westmont.edu) or by phone at 888-963-4624.
