WAYPOINT TRAINING

VIEWING A POSSIBLE PROGRAM
Navigate to my.westmont.edu and click on the Waypoint link.
This is the main landing page for Waypoint. Click on Student Planning.
MY PROGRESS

Steps to Getting Started
There are many options to help you plan your courses and earn your degree. Here are 2 steps to...

1. View Your Progress
   Start by going to My Progress to see your academic progress in your degree and search for courses.
   Go to My Progress

2. Plan your Degree and Register for Classes
   Next, take a look at your plan to see what you've accomplished and register your remaining classes toward your degree.
   Go to Plan and Schedule

Click on View Your Progress or Go to My Progress.
You can also click Academics on the left side of the screen, then open the Student Planning dropdown menu and click on My Progress.
On the left side of the page an At a Glance overview of your current program or declared major will be displayed.
Click View a New Program on the top right of the My Progress page.

Viewing a new program will allow you to view a potential major and see your progress in the potential major.
Select the program you want to view and click View Program.
You can also search for a key word and see all associated programs.
The potential program is now displayed with your coursework populating in the program.

Note that this process is for viewing only. It does not declare or change your major.

You can remove the program from view by clicking on the X next to the program.
