

Economics and Business

Apply what you learn in internships, network with successful alumni and find a meaningful job.

Our student-centric approach and collaborative, friendly environment provide a healthy blend of quantitative analysis and economic theory with practical application in the marketplace. Our students gain information and expertise that make them better contributors and communicators and prepare them for fascinating and gratifying business careers. They work closely with professors and explore the often-challenging intersection of faith, learning and business. Successful Westmont alumni provide our students with valuable networking, internships and mentoring, helping them discover, develop and use their God-given talents. Our graduates have become leaders in a wide range of industries worldwide, from Fortune 500 companies to Silicon Valley start-ups to non-profit organizations.
